ENGLISH LANGUAGE & ACTIVITY

Details

Students are assessed on their level of English on their first day and placed in a class according to their level. In class students will improve their speaking, listening, reading and writing skills. Each afternoon a great variety of sporting activities, computers and arts & crafts are available as well as an extensive range of cultural and social activities which bring together local and foreign students in an international atmosphere. Evening entertainment such as discos, ceillis, barbecues, karaoke, quiz night, concert etc. are available three times a week. The Irish Intergration Programme is very much part of the junior summer school ethos. Local Irish (English speaking) teenagers aged 12 to 16 come to study French, German or Spanish which ensures a truly international course. All nationalities take part together in all activities, excursions and evening programmes where English is the common language at all times.

IRISH STUDENT PROGRAMME

Details

Students are assessed on their level or full time school year and are placed in a class accordingly. Our teachers are all native speakers and have extensive experience with the Irish curriculum. In class students will improve their speaking, listening, reading and writing skills. Where possible exam papers will also be used as a teaching element. Each afternoon a great variety of sporting activities, computers, music and arts & crafts are available as well as an extensive range of cultural and social activities which bring together local and foreign students in an international atmosphere.

Evening entertainment such as discos, ceilis, barbecues, karaoke, quiz night, concert etc. are available three times a week.

PARENT AND CHILD COURSE

Details

Active Language Learning is in the unique position to offer families combination courses due to our unequalled geographical dominance. Both our all year round adult centre and our junior summer centres are in Dun Laoghaire.

This course allows families either of one parent or both and their children to enrol and avail of our adult and our junior courses at the same time. Family groups can be hosted in the same or separate accommodation in Dun Laoghaire while attending the two different centres.

Parents can choose from any of the course listed on our main webpage and juniors can take part in the summer and activity courses we offer listed on the junior section of our website.

HIGH SCHOOL ACADEMIC YEAR

Details

Our High School Programme gives participating students the opportunity to study in an Irish Secondary School (High School), and through living and studying in Ireland the student will be given the opportunity to become fluent in English. All the schools offered in this programme follow the Junior and Senior cycles.

JUNIOR CYCLE: Irish students enter High School at 12/13 years and the Junior cycle takes 3 years. Students take approximately 9 subjects; Mathematics and English being compulsory. At the end of the Junior cycle students take the Junior Certificate Examinations.

Key information

Courses from:
September - June

SENIOR CYCLE: The senior cycle prepares students for the Leaving Certificate Examinations, which is a recognised entry qualification for both Irish and UK Universities. Each University sets its own academic entry levels. The cycle can be 2 or 3 years in duration.

ACCOMMODATION

Details

HOST FAMILY

One of the best and most popular ways to learn English is to immerse yourself in an Irish host family. Carefully chosen families who all live within reach of the centre are available to students all year. Private bedrooms are offered by experienced families who warmly welcome students into their homes. Executive Host Families are also offered catering for students who wish to avail of a private bathroom.

Host family compulsory for Junior Students.

SUMMER CENTRE

Details

Our summer junior centre, which is a private secondary school during the academic year, is very well appointed and within walking distance of most of our host families. The school is a modern facility, with new extension, bright classrooms and equipped with all the necessary teaching/learning technology. In addition, there are outdoor sports pitches, a large indoor gymnasium, a computer room, arts and crafts studio, music room and cookery class. The school also offers free supervised internet access, staff and resource room, a canteen and a dedicated team of teaching and auxiliary staff.
